

About us

PARÉ Innovations is a leading player in the building material segment, specializing in top-notch surfaces for ceilings, walls and facade systems.

At PARÉ, we take immense pride in being at the forefront of innovation, introducing groundbreaking surfaces that have never been seen before in India. With our commercial base in Mumbai and our state-of-the-art manufacturing facility located near Vapi, Gujarat,

PARÉ is strategically positioned to serve the needs of our valued customers. Our founders have deep roots in the building material industry, which has propelled us to become pioneers in the Innovative Products revolution.

Manufacturing

PARÉ Innovations prides itself on its state-of-the-art manufacturing unit, which utilizes advanced European manufacturing technology to manufacture products of superior quality. It has launched quite a few products while being the first manufacturer in India for most of them.

PARÉ Innovations has been a pioneer in introducing many new products to the Indian market. PARÉ Innovations commitment to quality and innovation has helped it become a leading player in various industries.

A graphic featuring the letters 'AI' in a large, white, sans-serif font. The 'AI' is centered within a dark blue square that has a glowing effect. This square is surrounded by a complex network of light blue lines and dots, resembling a circuit board or a digital data flow. The background is a dark blue gradient with more circuit-like patterns.

Innovation

Step into a world where imagination meets innovation with our exceptional wall & ceiling panels. Designed to ignite creativity and redefine possibilities, our panels offer a glimpse into the future of interior and exterior design. Prepare to be captivated as you discover the artistry and ingenuity woven into every detail.

First Time In The World

Be the trailblazer, the trendsetter, the visionary. Our wall & ceiling panels aren't just revolutionary – they're the world's first of their kind. Experience the thrill of unveiling something truly groundbreaking, something that sets you apart from the crowd. Embrace the excitement of being the first to introduce this unparalleled innovation to your space.

Superior Technology

Empower your space with the latest in cutting-edge technology. Our wall & ceiling panels aren't just superior – they're a testament to innovation at its finest. Immerse yourself in a world where craftsmanship meets innovation, where durability meets elegance. Elevate your surroundings with confidence, knowing you've chosen technology that surpasses expectations.

R&D

Behind every exceptional product lies a journey of exploration and discovery. Our wall & ceiling panels are no exception. Years of tireless research and development have resulted in a product that's not just remarkable – it's a testament to our commitment to excellence. Join us on this journey of innovation and let your space become a canvas for creativity and possibility.

Introduction of **Baffle**

Discover the future of architectural elegance with our Polymer Baffle Ceiling. Engineered for excellence and designed to inspire, this innovative ceiling solution seamlessly blends aesthetics with functionality. Transform any space with customizable panels that offer limitless design possibilities. Elevate your environment with the versatility and sophistication of Polymer Baffle Ceiling today.

Introduction of **Baffle**

Baffle Component

Welcome to a new era of ceiling design with our innovative Baffle Ceiling System. Simplifying installation without compromising on style, our system comprises two essential components: Baffle Bottom and Baffle Top.

Baffle Bottom

Designed for effortless installation, the Bottom Baffle serves as the sturdy foundation of our system. Easily mounted onto GI framing or directly onto the ceiling, it provides stability and support, ensuring a hassle-free setup process.

Baffle Top

Enhance the aesthetic appeal of your space with the Top Baffle the epitome of sophistication. Using a unique overlapping technique, it seamlessly integrates with the Bottom Baffle, adding a touch of elegance and refinement to your ceiling.

Baffle Interlocking

Introducing our innovative Baffle Interlocking system revolutionizing the way ceilings are installed. With interlocking panels, installation becomes a breeze, seamlessly hiding joints for a flawless finish. Say goodbye to visible seams and hello to effortless elegance. Experience the ease and beauty of Baffle Interlocking – where installation meets perfection.
